To whom it may concern:

As a teacher with the Vancouver School Board (VSB), I am pleased to write a letter in support of the Safe Amplification Site Society.

I am a member of the Safe Amplification Site Society (SASS) because I believe it is important to establish more all-ages music venues in Vancouver. We are a city severely lacking in arts centers run by and for youth. I feel it's important to foster a participatory creative culture through music concerts, arts programs, experiential learning and volunteer opportunities for all ages, especially young people.

I believe that the Safe Amplification Site Society is worthy of any funding possibilities your group is able to provide. I can say with confidence that as a teacher in my community, I will continue to play a major role in connecting students to safe venues where they can create music.
