

To whom it may concern.

We have the great pleasure of working with S.A.S.S. during our 4 year history at Little Mountain Gallery. Over the past year, S.A.S.S. has been presenting monthly fund raising concerts at Little Mountain Gallery to help foster their cause. We worked with them long before they joined forces to create S.A.S.S., so it is all the more encouraging to see how far they have come as a newly formed Society. Their quest is noble and true, they possess the insight, energy, and maturity to lead the way to creating a Safe Amplification Site for all ages, Vancouver is lucky to have them. A special group of dedicated musicians and artists with a focus to address and resolve the need for an all ages venue. They have always been honest, trusting, and respectful of our needs as a grassroots space, and I stand behind them 100%.

All d'best.

-Ehren Christopher Salazar  
Director of LITTLE MOUNTAIN GALLERY
